LETTER OF RECOMMENDATION FOR SAVANNAH HARDSCAPES

The Stringer Group has worked with the Savannah Hardscapes team for approximately ten years on several residential and commercial projects.

I have always found the staff to be very knowledgeable, courteous and helpful to the clients that we have sent to the Savannah Hardscapes showroom, enabling our clients to make informed decisions. The showroom and yard contain extensive stone samples as well as multiple installation scenarios, also helping clients to come to efficient decisions.

Whenever a misunderstanding occurred or callback has been required, Savannah Hardscapes has never hesitated in working with us to come to a mutual solution to the benefit of all involved.

I have only the highest praise for Savannah Hardscapes organization, efficiency and workmanship and hope to continue our relationship with them well into the future.
